SUPPLEMENTAL AMENDMENT

Dear Sir:

This communication is submitted in response to a telephone conversation with Examiner Verdier on April 7, 2011. Applicants respectfully submit that the current Notice of Non-Compliant Amendment is believed to be in error. 37 C.F.W. 1.1.73(c) provides that "the status (i.e., pending or cancelled), as of the date of the amendment, of all patent claims and of all added claims" must be supplied. The undersigned attorney conferred with Examiner Verdier on the matter and the undersigned attorney understands the present submission to satisfy the requirements of an Amendment submitted in a reissue application. The current status of the claims is included in the "Remarks" section of this Supplemental Amendment. Consequently, Applicants believe the current Amendment is in proper form.

Claim amendments begin on page 2. Please add the following claim 24 to the above-identified application.

Remarks begin on page 3.
